WALTER'S FAVORITE CROSSWORD PUZZLE

Walter knows everything about money. Test your knowledge by trying to solve the crossword puzzle below.

ACROSS

- Machine that lets you take money out, or put money in, your account
- A piece of paper you can use to pay for something
- Something you use to carry your money
- A silver coin worth 10 cents
- A place to keep your spare change at home
- A paper bill worth \$1

DOWN

- Four of these silver coins make \$1
- A piece of plastic you can use to pay for things
- A copper coin worth \$.01
- A silver coin worth five cents

CREATE YOUR OWN SAVE, SPEND, SHARE BANKS

THERE ARE LOTS OF THINGS WE CAN DO WITH OUR MONEY - SAVE, SPEND, AND SHARE. When we **SAVE**, that money can be used to buy something in the future or prepare for an emergency. When we **SPEND**, we buy or pay for something that we want or need right now. When we **SHARE**, we give it to others who may not have enough money for the things they need.

ASK YOUR PARENTS TO HELP YOU FIND THE SUPPLIES BELOW:

- 3 empty jars with lids
- Construction paper
- Crayons or markers
- Scissors
- Tape or glue

Have your parents cut the construction paper so it's the size of the jars and put holes in the lids. Decorate the construction paper to show what you'll do with the money you save, spend, or share. When you're finished, tape or glue your pictures to the jars.

When you get money, decide how you want to divide it up. Take the money in your Save jar and deposit it into your bank account to help keep it safe.
